That the Whites and Blacks Still Refuse to Work Together, Each Race Being Apparently Distrustful of the Other.

SPRINGFIELD, Aug. 21.—Six more alleged riot leaders were indicted by the grand jury, 20 separate offenses being charged. The jury has contented itself investigating the riot at Loper's eating house except in the case of Abraham Reymor indicted for a murder yesterday in connection with the lynching of William Donnegon. Loper testified today. Testimony before the coroner's jury yesterday was inconsequential but his testimony today in the privacy of the grand jury room is important.

Trouble in small towns continue in the danger spots. At Buffalo, 15 miles from here, the following notice is conspicuously posted: "All niggers are wanted out of town by Monday at 12 a. m. sharp. A VICIOUS STORM HITS LA GRANDE VALLEY

Lightning and Winds Damage Fruit Crop—Stops Threshing

LA GRANDE, Or., Aug. 21.—One of the worst electrical and wind storms to visit this valley in many years passed over the city and surrounding country last night. Threshing is at a standstill as a result. There are many apple trees that suffered a slight loss of fruit, and many others were knocked down by lightning. The Union and Cove vicinities were specially unfortunate in fruit losses. Telephone wires are down in that section of the valley. The valley was thoroughly soaked, and the beet crop is flourishing, as a result of the heavy rain.

SHERMAN WILL FOLLOW BRYAN'S MEETINGS

WILL MAKE REPLY TO DEMOCRAT'S DISCUSSION OF THE NATIONAL ISSUES.

WILL BE AN EXTENSIVE TOUR

James S. Sherman Will Undertake Work the Last Week in September: Mostly Through the Central and Western States.

It is planned now to have him follow Bryan at several important meetings and reply to the democratic candidate's discussion of national issues.

BRYAN'S FIRST CAMPAIGN SPEECH HITS REPUBLICAN TARIFF

Starts the Ball Rolling Before a Large Crowd at the Des Moines Base Ball Park

PLATFORM BREAKS DURING HIS ADDRESS

Says the Aim of His Party Is to Secure Justice in Taxation, and Believes Individuals Should Contribute According to Benefits Received

DES MOINES, Aug. 21.—Comparing the attitude of the two dominant parties on the tariff question William J. Bryan, the democratic candidate for the presidency at the baseball park in this city tonight before a vast audience fired the first gun of his campaign. He attacked the republican tariff revision and asked if the democratic party was not justified when it included in its platform the declaration that "The people cannot safely entrust the execution of this important work to a party which is so deeply obligated to the highly protected interests as the republican party."

"The whole aim of our party," he said, in summarizing, "is to secure justice in taxation. We believe that each individual should contribute to the support of the government in proportion to the benefits which he receives under the protecting government. We believe that a revision of the tariff approached gradually, according to the plan laid down in our platform, will equalize the burdens of taxation still more. If the republican party is to have the support of the people who find a pecuniary profit in the exercise in taxing power, as private asset to their business, we ought to have support of that large majority of people who produce the nation's wealth in the time of peace, to protect the nation's flag in time of war, and ask nothing from the government but even handed justice."

TILLAMOOK - ASTORIA RAILROAD MAY BE STARTED SOON

Renewed Interest Is Being Shown by the Harriman and Hill Interests in Oregon

HARRIMAN REPRESENTATIVE IN TILLAMOOK

The Fact That N. D. Miller, the Hill Engineer, Is Located Here, Adds to the Belief That the Road Will Soon Invade Western Oregon

Announcement is made from Portland that both the Harriman and Hill interests are displaying a renewed activity in the questions of railway matters in the State of Oregon, and it begins to look as if there is now a chance that work will again be commenced on the Lytle line to Astoria, and also on the line to Tillamook.

The fact that Julius Kruttschnitt, the chief assistant to Mr. Harriman, was recently in Astoria and is now in the Tillamook country, makes it appear as if the entire matter will be soon renewed, and this is corroborated by other circumstances that bear directly on the matter. In the Portland Oregonian of yesterday was a long article on the question, which says in part:

"That important railroad developments, second to none in importance to Oregon, are impending, and that definite announcements of new trunk lines in this state will be made within the next few weeks, is the belief of those in close touch with transportation matters. Both the Harriman and Hill systems are believed to be laying their plans for new railroads in this state, and the projects have progressed so far that it is believed the two systems are on the eve of beginning work."

Authorities Make Effort to Hide the Crime

ATTACKED BY 32 MEN

Her Escort, a Petty Officer, Is Beaten Senseless by His Comrades

TWENTY-SIX MEN ARE HELD

Young Woman is Left Bruised and Unconscious For Several Hours, After Which She Manages to Crawl to Assistance.

DENVER, Aug. 21.—A news special from Laramie, Wyo., says that while every effort is being made by the authorities of Camp Emmett Crawford, the military maneuver grounds, to keep the fact a secret, it is known that an atrocious crime was committed last Sunday by members of the artillery battery who assaulted a young woman and leaving her bruised and unconscious on the ground. According to the story of a non-commissioned officer he was escorting the young woman when they were attacked by 32 men of the artillery battery. The officer was beaten into insensibility with a gun, and the unfortunate young woman was dragged to an isolated spot and assaulted. After lying half dead for hours the victim of the outrage revived and succeeded in crawling to a house some distance away and told her story. Twenty-six men are alleged to be implicated in the outrage and are under arrest and chained together in the camp prison. They are under constant guard to prevent lynching as sentiment in the camp is strong against them. Six of the alleged assailants escaped but three were apprehended at Rawlins today. The other three are still at large.

and that Mr. Harriman and his officials will consider the advisability of the extension of the road from this city through to Natron and making it the main line of the Southern Pacific between Portland and Sacramento. The officials are expected here at any time and the conference will be held upon their arrival.
